With reference to my visit on site at Fernwood on 17th Nov. 2022:

I confirm that I can carve an owl from the cypress tree stump in question. It will take one day and will cost £600.00 excluding vat.

The carving will generate a small quantity of offcuts which I would be able to remove from site.

I was thinking of a carving along the lines of the accompanying picture.

It would be possible to consider a range of other creatures or themes, but they may take longer than this suggested carving which I know I can complete in one day.

Ideas for other carvings can be found on my website, as noted below.
